1. Plaintiffs Dhondop Tenpa, Mohammed Talukder, Ghyacho Gurung,  
Thinlay Rumba, Sangay Durjee and Mingyur Dorjee, on behalf of themselves and all  
others similarly situated, alleges as follows:

**JURISDICTION AND VENUE**

2. This Court has jurisdiction under the Fair Labor Standards Act (“FLSA”), 29 U.S.C. § 201, *et seq.* Jurisdiction and venue are proper in the Southern District of New York because the corporate Defendants are licensed to do business in New York, their principal executive offices are in the Southern District of New York, and the causes of action under which the claims asserted in this Complaint emanate from actions that took place in this District. This Court has supplemental jurisdiction over Plaintiffs’ state wage and hour law claims under 28 U.S.C. § 1367, because those claims are related to Plaintiffs’ federal claims and form part of the same case or controversy.

### **THE PARTIES**

4. Defendant BD Stanhope, LLC is a New York Corporation whose headquarters are located in New York. Defendants operate Matsui restaurant in downtown Manhattan.

6. Defendant Sean MacPherson is a co-owner of Matsuri restaurant. In addition, upon information and belief, Defendant MacPherson is liable for the wages of Plaintiffs and the Class under New York Business Corporation Law § 630.

7. Defendant Eric Goode is a co-owner of Matsuri restaurant. Defendant Goode exercises sufficient control of Matsuri restaurant's day to day operations to be considered an employer of Plaintiffs and those similarly situated under the FLSA. In addition, upon information and belief, Defendant Goode is liable for the wages of Plaintiffs and the Class under New York Business Corporation Law § 630.

#### **FLSA COLLECTIVE ACTION ALLEGATIONS**

14. Plaintiffs bring the First and Second Claims for Relief as a collective action pursuant to FLSA Section 16(b), 29 U.S.C. § 216(b), on behalf of all non exempt persons employed by Defendants in any service position, such as server, runner, busser, bartender or barback on or after the date that is three years before the filing of the Complaint in this case as defined herein ("FLSA Collective Plaintiffs").

15. At all relevant times, Plaintiffs and the other FLSA Collective Plaintiffs are and have been similarly situated, have had substantially similar job requirements and pay provisions, and are and have been subject to Defendants' decision, policy, plan and common policies, programs, practices, procedures, protocols, routines, and rules willfully failing and refusing to pay them at the legally required minimum wage for all hours worked and one and one half times this rate for work in excess of forty (40) hours per workweek, and allowing non-tipped employees to share in their tips. The claims of Plaintiffs stated herein are essentially the same as those of the other FLSA Collective Plaintiffs.

16. The First and Second Claims for Relief are properly brought under and maintained as an opt-in collective action pursuant to § 16(b) of the FLSA, 29 U.S.C. 216(b). The FLSA Collective Plaintiffs are readily ascertainable. For purpose of notice and other purposes related to this action, their names and addresses are readily available from the Defendants. Notice can be provided to the FLSA Collective Plaintiffs via first class mail to the last address known to Defendants.

#### **RULE 23 CLASS ALLEGATIONS – NEW YORK**

17. Plaintiffs bring the Third, Fourth, and Fifth Claims for Relief pursuant to the Federal Rules of Civil Procedure (“FRCP”) Rule 23, on behalf of all non exempt persons employed by Defendants in any service position, such as server, runner, busser, bartender or barback on or after the date that is six years before the filing of the Complaint in this case as defined herein (the “Class Period”).

18. All said persons, including Plaintiffs, are referred to herein as the “Class.” The Class members are readily ascertainable. The number and identity of the Class

members are determinable from the records of Defendants. The hours assigned and worked, the positions held, and the rates of pay for each Class member are also determinable from Defendants' records. For purposes of notice and other purposes related to this action, their names and addresses are readily available from Defendants. Notice can be provided by means permissible under said FRCP 23.

19. The proposed Class is so numerous that joinder of all members is impracticable, and the disposition of their claims as a class will benefit the parties and the court. Although the precise number of such persons is unknown, and the facts on which the calculation of that number are presently within the sole control of Defendants, upon information and belief, there are more than one hundred (100) members of the Class.

20. Plaintiffs' claims are typical of those claims which could be alleged by any member of the Class, and the relief sought is typical of the relief which would be sought by each member of the Class in separate actions. All the Class members were subject to the same corporate practices of Defendants, as alleged herein, of failing to pay minimum wage and overtime compensation. Defendants' corporate-wide policies and practices affected all Class members similarly, and Defendants benefited from the same type of unfair and/or wrongful acts as to each Class member. Plaintiffs and other Class members sustained similar losses, injuries and damages arising from the same unlawful policies, practices and procedures.

21. Plaintiffs are able to fairly and adequately protect the interests of the Class and have no interests antagonistic to the Class. Plaintiffs are represented by attorneys who are experienced and competent in both class action litigation and employment litigation and have previously represented plaintiffs in wage and hour cases.

22. A class action is superior to other available methods for the fair and efficient adjudication of the controversy – particularly in the context of wage and hour litigation where individual class members lack the financial resources to vigorously prosecute a lawsuit against corporate defendants. Class action treatment will permit a large number of similarly situated persons to prosecute their common claims in a single forum simultaneously, efficiently, and without the unnecessary duplication of efforts and expense that numerous individual actions engender. Because the losses, injuries and damages suffered by each of the individual Class members are small in the sense pertinent to a class action analysis, the expenses and burden of individual litigation would make it extremely difficult or impossible for the individual Class members to redress the wrongs done to them. On the other hand, important public interests will be served by addressing the matter as a class action. The adjudication of individual litigation claims would result in a great expenditure of Court and public resources; however, treating the claims as a class action would result in a significant saving of these costs. The prosecution of separate actions by individual members of the Class would create a risk of inconsistent and/or varying adjudications with respect to the individual members of the Class, establishing incompatible standards of conduct for Defendants and resulting in the impairment of class members' rights and the disposition of their interests through actions to which they were not parties. The issues in this action can be decided by means of common, class-wide proof. In addition, if appropriate, the Court can, and is empowered to, fashion methods to efficiently manage this action as a class action.

23. Upon information and belief, Defendants and other employers throughout the state violate the New York Labor Law. Current employees are often afraid to assert

their rights out of fear of direct or indirect retaliation. Former employees are fearful of bringing claims because doing so can harm their employment, future employment, and future efforts to secure employment. Class actions provide class members who are not named in the complaint a degree of anonymity which allows for the vindication of their rights while eliminating or reducing these risks.

24. There are questions of law and fact common to the Class which predominate over any questions affecting only individual class members, including:

- a) Whether Defendants employed or jointly employed Plaintiffs and the Class within the meaning of the New York law.
- b) Whether Defendants paid Plaintiffs and the Class members the minimum wage for all hours worked.
- c) What are and were the policies, practices, programs, procedures, protocols and plans of Defendants regarding the types of work and labor for which Defendants did not pay the Class members at all.
- d) At what common rate, or rates subject to common methods of calculation, were and are Defendants required to pay the Class members for their work.
- e) Whether Defendants illegally retained portions of Plaintiffs' tips and the Class members' tips.
- f) Whether Defendants properly compensated Plaintiffs' and Class members for overtime.
- g) Whether Plaintiffs were forced to share their tips with parties who are not entitled to their tips.

## FACTS

25. Copies of Plaintiffs' Consent to Sue Forms are attached hereto as Exhibit A.

26. Defendants committed the following alleged acts knowingly, intentionally and willfully.

27. Defendants knew that nonpayment of minimum wage, improperly forcing the Plaintiffs, the FLSA Collective Plaintiffs, and members of the Class to share their tips with Defendants' agents and other non service employees, the FLSA Collective Plaintiffs, and members of the Class' wages would economically injure Plaintiffs and violated federal and state laws.

28. Defendants unlawfully paid the Plaintiffs, the FLSA Collective Plaintiffs, and members of the Class an hourly rate below the federal and state minimum wage.

29. Defendants were not entitled to reduce the minimum wage by applying the tip credit allowance that is available because Defendants retained portions of employees' tips and misappropriated portions of employees' tips to managerial and/or non-service employees.

30. Plaintiffs spent roughly one and one half hours each day performing non-tipped work. Plaintiffs were not compensated the full federal and state minimum wage for this time.

31. Plaintiffs at times worked in excess of forty hours per workweek.

32. Plaintiffs were not compensated one and one half times New York's minimum wage for hours that they worked in excess of forty per workweek.
