

### What is JAPADOG?

JAPADOG is all about Hotdogs that have a Japanese Flavor and theme. There is no comparison between a regular hotdog and a JAPADOG. The ingredients we use for our sauces, topping and even some of our sausages are those used in Japanese cuisine. Our toppings are mainly imported from Japan. Over the last few years we have spent a lot of time developing our own signature sausages. When you visit JAPADOG, you enjoy our unique combination of food, hospitality and great customer service. That is the JAPADOG experience.
