Toby's Public House is involved in:

\*Over here at Toby's, including our Brooklyn location, we are huge animal lovers and believe in saving as many animals to either not end in shelters or to adopt from shelters. Toby's Public House is sponsoring and donating to THE TOBY PROJECT. We hope that you will too. It will make a difference to many cats and dogs.

**THE TOBY PROJECT**

*Approximately 11,000 dogs and cats are euthanized in NYC's shelters each year. That's about 40 a day! There are just too many animals and not enough homes. Now, there's something you can do to help! ....*

**SUPPORT THE TOBY PROJECT!**

*We're a nonprofit spay/neuter initiative, targeting the communities who relinquish the most pets to city shelters.*
