

Shame on you! Tian Wen Ye!

Dear Community Members of the West Village and Kawa Sushi Customers:

Kawa Sushi has been serving in West Village Community for 6 years, our customers' satisfaction is our priority.

From time to time, we received complaints from our customers on Tian Wen YE, our delivery manager, because Tian Wen YE always asked for more tips from our customers. In March 2007, we finally fired Tian Wen YE, because he fought with another delivery person in the resturant during business hour. We fired both of them.

During the time as the delivery manager of our restaurant, Tian Wen YE was in charge of hiring and firing delivery personels of Kawa Sushi. It turned out at the end that all the delivery personels in Kawa Sushi were Tian Wen YE's friends and relatives. However, Tian Wen YE and his friends didn't do their jobs well. According to the complaints from one of Starbucks customers, during distributing the menues of Kawa Sushi, which was one of their jobs, Tian Wen YE always spent time at Starbucks Coffee shop on Greenwich Ave with some of the other delivery personels of Kawa Sushi. The Starbucks customer complained about their bad attitude.

Under his repeated request to be hired back, Kawa Sushi decided to give Tian Wen YE a second chance and hired him back in January 2008. However, he never changed his attitude to either customers or to his fellow workers. Tian Wen YE was RUDE!!!

Tian Wen YE even started chaos in Kawa Sushi. He tried to encourage one of the staffs to beat the kitchen chef. Kawa Sushi had no choice but to report it to the local police. Later, Kawa Sushi tried to talk with Tian Wen YE and urged him to change his attitude, but in vain. Tian Wen YE passed the message through one of his friends that he wanted \$20,000 if Kawa Sushi wanted him to work peacefully in the restaurant. He even blackmailed Kawa Sushi by saying that if Kawa Sushi didn't pay him up \$20,000, he would do something bad to the business. Tian Wen YE was NASTY!!!

According to Mr. Ke Yuang Fang, one of the delivery personels in Kawa Sushi, Tian Wen Ye often stole money from the share tips of the delivery personels.

Kawa Sushi finally decided to fire Tian Wen YE again and let him go in October 2009. If Tian Wen YE was a good employee, it would be impossible for Kawa Sushi to fire him.

Kawa Sushi strongly urge our customers and West Village Community not to fall for Tian Wen YE's schemes!!

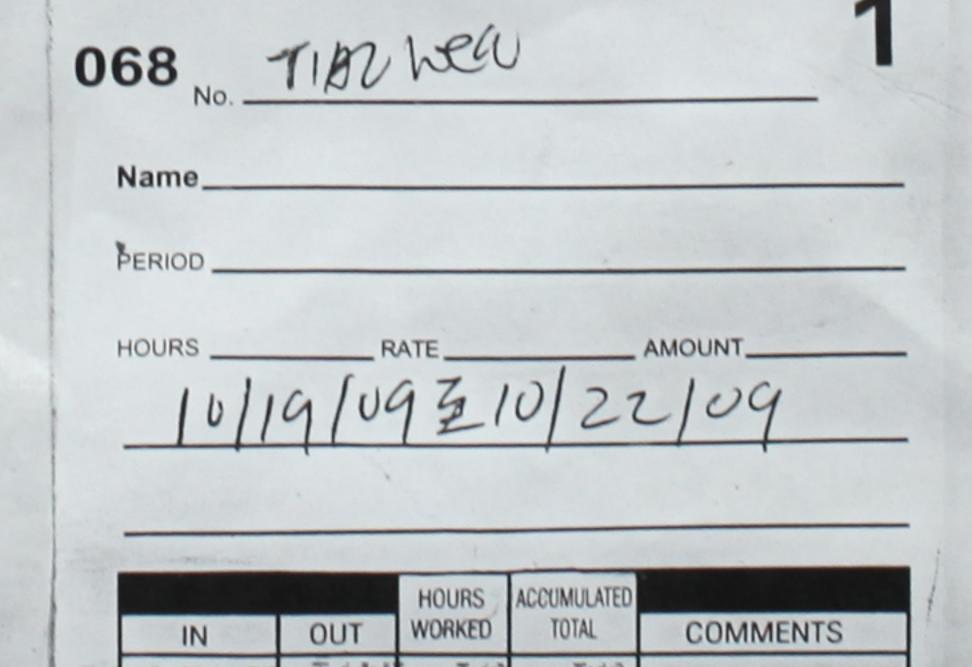

Shame on you! Tian Wen Ye!
