When Oliver Shaevitz first opened his office for the representation of accident victims in 1956, he could not foresee the long and successful path he was about to embark upon. During his 62 years of practice, he has been joined along the way by his sons, Mark and Eric. Over the years, the firm has represented thousands of clients, collected tens of millions of dollars in settlements, and obtained numerous multimillion-dollar jury verdicts.

As with most aspects of modern life, the practice of law has become a very specialized and complex endeavor. This is especially true in the handling and prosecution of personal injury cases, where an attorney must possess a breadth of knowledge, not only of the law, but also of medicine, psychology, engineering, and technology. Shaevitz & Shaevitz is dedicated to providing the most knowledgeable, sophisticated, and effective legal representation to its clients.

The staff at Shaevitz & Shaevitz takes a personal interest in the firm's clients and attempts to relate the legal procedures to them in a clear and concise manner. With the understanding that litigation can be a stressful and complicated process, the staff sees to it that all clients are kept informed and understand what the firm is trying to accomplish on their behalf. "Clients aren't just statistics," says Oliver Shaevitz. "They are real people with special needs resulting from their injuries, and we do our best to make sure they are justly compensated."

When an injury occurs, the firm takes immediate action and conducts a comprehensive investigation to ensure that all evidence is unearthed, and preserved. Shaevitz & Shaevitz knows that the effects of a serious injury can extend far beyond the physical aspect, and assists each client to solve many of their day-to-day problems, such as being reimbursed for their lost wages and making sure that their medical and hospital bills are paid promptly, whenever possible.

Shaevitz & Shaevitz has prosecuted many memorable cases, such as representing victims who were maimed, blinded, or killed as a result of the leakage of poisonous gas from Union Carbide's pesticide plant in Bhopal, India; representing the families of the children who died in a fire at Great Adventure amusement park in New Jersey; and representing a number of victims of 9/11.

SULLIVAN PAPAIN BLOCK MCGRATH & CANNARO

PLAINTIFFS' PERSONAL INJURY AND MEDICAL MALPRACTICE

Statia Crossman

Over the past 80-plus years, Sullivan Papain Block McGrath & Cannaro P.C. (SPBMC) has established a tradition of service and excellence by successfully representing individuals who have been seriously injured or lost a loved one as a result of the wrongdoing of others.

The Firm has earned its reputation as a powerful advocate for the injured because each case is thoroughly prepared to obtain a maximum result. The Firm staffs each case with a partner and an associate and expends the resources necessary to ensure that a winning case is presented at trial. The Firm's adversaries know this and the results achieved on behalf of its clients demonstrate the respect the Firm has achieved in the legal community.

The firm has more than 35 lawyers with offices in Manhattan, Garden City and Cutchogue, L.I., and in Hackensack, New Jersey. The breadth of the firm's personal injury practice includes motor vehicle, medical malpractice, construction, fire, explosion, mass disasters, municipal, premises, maritime, toxic and mass torts and product liability cases. The depth of knowledge and experience enables SPBMC to provide highly skilled representation to each of its valued clients.

Over the last decade, SPBMC has recovered more than \$2 Billion on behalf of its clients. SPBMC is also very proud to serve as General Counsel for the Uniformed Firefighter's Association of Greater New York. For the last 40 years, it has been an honor to represent these brave men and women who put their lives at risk every day.

The firm's success has also been recognized outside the courtroom.

- For 2019, U.S. News – Best Lawyers® ranked SPBMC a Tier 1 "Best Law Firm" in three practice areas – Plaintiffs Medical Malpractice Litigation, Plaintiffs Personal Injury Liability Litigation and Plaintiffs Product Liability Litigation.

- 13 individual SPBMC Members were also recognized by Best Lawyers® in 2019, including Vito A. Cannaro who was the fifth Firm Member to be named "Lawyer of the Year."

- 20 SPBMC attorneys were selected as Super Lawyers or Rising Stars.

- 13 SPBMC Members were rated AV Preeminent® by Martindale-Hubbell, the highest peer rating standard.

The firm's members are more than just knowledgeable lawyers—they are consummate and dedicated professionals.

McGRATH & CANNAVO, P.C.

SPBMC DELIVERS RESULTS FOR ITS CLIENTS

In 2018, SPBMC obtained numerous multi-million dollar verdicts and settlements for its clients. Here is but a sample of those results:

2018 SETTLEMENTS

- **\$24 million** settlement for a construction worker who was run over by a reverse-moving excavator resulting in the loss of one leg and multiple internal injuries.
- **\$4.85 million** settlement in a medical malpractice case involving the failure to diagnose a stroke.
- **\$4.55 million** settlement for a delay in delivering an infant and for inadequate fetal monitoring.
- **\$4.3 million** settlement for a client whose pediatrician failed to diagnose hydrocephalus.
- **\$4 million** settlement for an electrician's helper who was rendered a paraplegic when he was thrown from a ladder as a result of coming in contact with a live wire.
- **\$3.8 million** settlement for a construction worker who suffered fatal head injuries when he fell through an unguarded elevated opening at a construction site

- **\$3 million** settlement for an elevator mechanic who suffered multiple fractures when he fell several floors at a jobsite due to the lack of proper safety equipment.

2018 VERDICTS

- **\$19 million** verdict in Nassau County for a motorcyclist who sustained severe injuries, including a below-the-knee amputation, when struck by an oncoming vehicle making a left turn. The jury found the County 80% at fault for its failure to install a traffic light at the intersection.
- **\$9.97 million** medical malpractice verdict in Staten Island for the family of a man who killed himself immediately after his doctor failed to properly assess his risk for suicide.
- **\$8 million** medical malpractice verdict in Suffolk County for a 35 year old man who suffered a vertical sleeve gastrectomy leak requiring multiple surgeries that prevented him from eating for about 8 months.

SEPTEMBER 11TH VICTIM COMPENSATION FUND (VCF)

Since 2002 SPBMC has been at the forefront in representing victims of the 9/11 terrorist attacks, having recovered more than \$1 Billion for its VCF clients.

In 2002, the firm played a key role in the establishment of the VCF, which served to help the families of first responders who died in the attacks or who became ill as a result of their exposure to toxins at Ground Zero.

In the original VCF, which closed in 2003, SPBMC recovered more than \$265 million for 363 injured firefighters and the families of deceased firefighters, all for no fee, earning the firm The National Law Journal's prestigious Pro Bono Award.

With many having been shut out of the first VCF because of the latent nature of their 9/11-related illnesses, the firm played a leading role in the re-opening of the VCF in 2011 under the James Zadroga 9/11 Health and Compensation Act, which provides both medical services and compensation to first responders, residents, office workers and others, who have developed 9/11-related illnesses as a result of their being in the Exposure Zone (Lower Manhattan below Canal Street) during the rescue and recovery operations of 9/11 through May 2002.

Filing a claim requires the expertise of dedicated lawyers. "Our extensive experience gives us a unique understanding of the impact of 9/11-related illnesses on first responders and those living and working in the Exposure Zone", said SPBMC Member, Michael Block. "We will always fight for those affected by 9/11 and its aftermath."

LEADERS IN THE LAW

PRESENT

NEW YORK'S LEADING PERSONAL INJURY LAWYERS 2018

Leaders In The Law is proud to present its annual New York's Leading Personal Injury Lawyers section in *New York* magazine.

"Personal injury is any damage or wrong done to a person, his or her property or reputation." Injuries can happen at work, in a traffic accident, because of faulty products or services, mistakes in medical service... the list is long. If you've experienced any of these wrongs, you know what it's like, most times the deck is stacked against you.

If you believe that you or a loved one has been harmed and are contemplating legal action, you should consult an experienced attorney. For those of us who live in the New York tri-state area, we are fortunate to have access to many experienced personal injury lawyers who are prepared to help you navigate this difficult area.

In addition to featuring New York's Leading Personal Injury Lawyers, we are once again publishing a list of some of the top verdicts and settlements in New York from October, 2017 to September, 2018. We hope you find this information both useful and interesting.

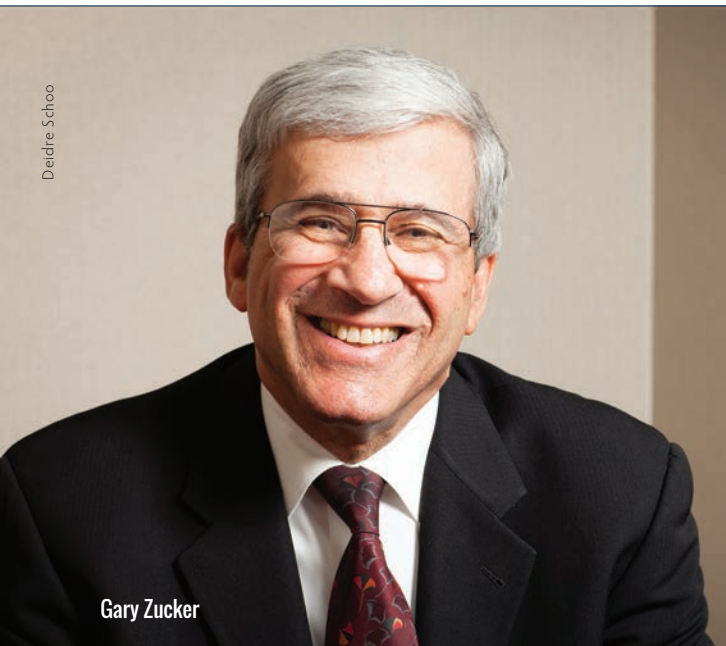

Feel free to view our online edition at nymag.com/nymag/advertorial/personalinjury/2018. We also invite you to visit our website leadersinthelaw.com to learn more about New York's Leading Lawyers.

We hope you find this information useful. To help make this section better for you, kindly submit your feedback to me at kevin@leadersinthelaw.com.

Sincerely,

Kevin Vermeulen
CEO, Leaders In The Law

Gary Zucker

Gary A. Zucker & Associates, P.C

Medical Malpractice, Personal Injury, Verdicts & Settlements

Over the past four decades, Gary Zucker has distinguished himself as one of the most committed and professional personal injury and medical malpractice attorneys in New York City.

Mr. Zucker has been given an AV Preeminent rating by Martindale Hubbell, the organization's highest rating for professional excellence, based on voting by his peers. In addition, Mr. Zucker has been selected to the 2015, 2016, 2017 and 2018 editions of New York Super Lawyers and to the New York Law Journal Motor Vehicles and Settlements Hall of Fame.

Mr. Zucker handles cases in all five boroughs of New York City, as well as in the surrounding counties. The firm has a track record of consistent success in wrongful death, medical malpractice, and personal injury cases, including those involving automobile accidents, premises liability, defective products and construction accidents.

Among its significant recoveries, the firm obtained a verdict of \$10.5 million for a child who suffered severe brain injury due to obstetrical malpractice. It also secured a \$6 million settlement for the death of a 32 year old married plumber, which was the largest reported settlement in New York in 2014 for injury or death suffered by a passenger in a motor vehicle accident.

2017
2018

Personal Injury Attorney Jacob Oresky has served as an ally to victims of serious accidents for over 25 years.

"When someone has been injured or killed—whether because of a construction accident, car accident, or any other catastrophic accident—my team steps in and goes right to work to protect the client's interests. I know how important it is to investigate first," Oresky states. "After decades in the practice, my greatest satisfaction remains hearing a client say: 'You changed my life.' That's when I know I have truly helped someone."

Indeed, Oresky prides himself on his personal touch: he makes a point of getting to know the people he represents, and has built many long-term relationships with his clients. In this way, he is better able to understand the extent and impact of his clients' injuries, and, in the process, more effectively litigate their cases.

"We're a smaller firm, and because of that, clients aren't just a file number," he says. "I'm actively involved with my clients' cases, and put 100 percent effort in attempting to make certain they receive the maximum compensation they are entitled to under law; it's only by having empathy for their situations, and being proactive about litigating their cases, that we can make a difference."

As a result of this approach, Oresky & Associates has won more than \$300 million for its clients, with many multimillion-dollar verdicts and settlements. The New York Law Journal has also listed Oresky and his firm as having achieved some of the largest settlements and verdicts in New York State over the past eight years.

Most recently, Oresky's firm secured a \$6.5 million verdict in April 2018 in a construction accident case where the insurance company—convinced Oresky's client would settle—made an initial offer of \$250,000. From the moment he was retained as counsel, Oresky and his team of lawyers worked to ensure their client would receive full compensation for his injuries.

"We invested all our resources and didn't spare any expense in terms of hiring experts and conducting the trial," Oresky notes. "Maybe someone else would have settled the case, but we are always prepared to see a case through to verdict if it means securing the result a client deserves."

Oresky has been practicing law since 1987, and opened his own practice in 1992 after working as an associate at a large law firm. His dedicated, long-term team of staff and attorneys has been with him for much of this time, and share his commitment to the firm's clients.

"When you provide a service where someone is putting their life in your hands, it's important to be transparent, and to always give them your best," Oresky says. "Everyone who works here shares this philosophy, and the evidence of that is our track record."

SUCCESS in our business is defined by a significant recovery for those clients that truly deserve it. Superior investigation, litigation, preparation and our very personal Trial Strategy are the hallmarks of our firm's success which is why we have earned our reputation for recovering hundreds of millions of dollars for people facing seemingly insurmountable odds.

Mike Kuharski has taken on large corporations and won. KLG Law Group handles all types of accidents, auto, truck and air disasters, schools, work place, construction site, defective products, and mass tort actions as well, where we have earned some of the highest verdicts for our clients. KLG is not afraid to challenge prestigious hospitals and physicians in complex medical malpractice cases or even mass tort actions. Mike says, "It's no secret in our business success is defined by substantial recovery for our clients that truly deserve it. It is the most powerful

K Michael J.
uharski

Super Lawyers®

feeling knowing that I have done the right thing for very deserving people."

KLG Law Group's exemplary knowledge of medicine and finance has helped it to achieve substantial results for victims suffering from life altering injuries. "I have accepted a job where I can help make people as whole as possible after these accidents, I can't take away their pain but I can help them by insuring the negligent parties are held accountable and are financially responsible for my client's injuries resulting in large monetary awards, it does not make them whole but it does help them to return to as normal a life as possible," says Lonny Levitz. What makes us unique? The firm prides itself on its commitment to its clients and often those clients can be other lawyers. "Our clients are diverse," Mike Kuharski says, "however, it is perhaps the greatest honor and recognition

of our superior capabilities, to represent the families of our colleagues. We are a lawyer's lawyer." "When a new client walks through our door they are in distress, we see somebody in need," according to Lisa Giovinazzo, "we anticipate what it is in the future that is going to make them whole, what it is that they are not seeing that they are entitled to that will ultimately enhance their lives, we try to be that first step in the right direction."

MSL Law Offices of Michael S. Lamonsoff | PLLC

When asked to identify the most rewarding part of handling plaintiffs' personal injury cases, Michael S. Lamonsoff, Esq., the owner and principal of the Law Offices of Michael S. Lamonsoff, doesn't hesitate to answer: "I love to win, and my clients love me for it." His clients call him the "bull" because he won't stop fighting for their rights.

In over two decades, Mr. Lamonsoff has built one of New York's largest and most successful law firms concentrating in personal injury, construction accidents, premises liability and police abuse cases. He has assembled a highly experienced team of aggressive lawyers, paralegals and paraprofessionals that reflect his zeal to win.

His firm's reputation is fueled by a track record that includes some of the largest personal injury verdicts and settlements in New York history which includes over \$500,000,000.00 in personal injury awards for their clients.

While the majority of cases settle, Mr. Lamonsoff believes in preparing every case for trial. "Our philosophy is that the highest settlements are awarded when the defendant is afraid of the consequences of a trial against a highly prepared law firm. We are that law firm."

In 2017, Mr. Lamonsoff's firm secured a settlement of \$11,750,000.00 to a man who spent 18 years in prison as a result for being wrongfully convicted for a murder he did not commit. \$4.75 million of the award paid by the State of New York is the highest in State history. The \$7,000,000.00 award paid by the City of New York for Mr. Bermudez's civil rights violations is one of the largest paid to date.

In 2018, the firm obtained a verdict of \$16,000,000.00 against the City of New York in a sexual abuse case. This was one of the highest verdicts ever awarded for this type of claim.

The firm also obtained a settlement, days before trial, of \$6,500,000.00 for an injured construction worker and was awarded over \$8,000,000.00 for several claimants against a public transportation carrier.

Mr. Lamonsoff is often called upon by local, national, and international news outlets to provide commentary on the high-profile cases he litigates. His peers, meanwhile, have named him to Super Lawyers and inducted him into the prestigious Million Dollar and Multi-Million Dollar Advocates Forums. Further, he was elected to serve on the New York State Trial Lawyers' Association's Board of Directors. Mr. Lamonsoff remains the highest-rated New York City personal injury attorney on many premier lawyers ranking services online.

Mr. Lamonsoff says, "I founded this firm to create not just the biggest law firm concentrating in personal injury, but the most successful, professional and aggressive firm. I have instilled my team with an unyielding 'no-holds-barred' attitude toward litigation and fighting for our clients."

PARIS & CHAIKIN, PLLC

Paris & Chaikin recently celebrated the 10th anniversary of founders Jason Paris and Ian Chaikin merging their individual practices in 2008. In that time the firm has emerged as one of New York's leading personal injury law firms, consistently achieving multimillion-dollar results for injured clients. The firm is notably relied on by other lawyers, who often call upon Paris and Chaikin to litigate matters for them, making them stand out in New York's prestigious legal community.

"We are a firm with powerful resources," said Chaikin, who is licensed in New York, New Jersey, and Florida, and who is fluent in English, Spanish, and Hebrew. "From the moment our firm is hired, we give the case undivided attention while working with the top experts, specialists, and investigators to prepare for victory at trial. No matter the challenge, we will never be outworked, outfought, or outspent."

Paris and Chaikin have focused on personal injury law throughout their careers, and are known for being relentless in their pursuit of justice. Combined, they have recovered hundreds of millions of dollars for victims of construction and motor vehicle accidents, municipal and premises liability, and many other instances of negligence.

A recent example was a 2016 jury verdict of \$2.6 million for a woman who was critically injured in a motor vehicle accident with a well-known

transportation entity. The award was recognized by Leaders In The Law as one of the top verdicts in New York State for that year.

"We've achieved substantial recoveries for our clients because we fight until justice is done," Paris said. "We're fearless in the courtroom, and with our niche in litigating catastrophic liability cases, other lawyers will call upon us, often on the brink of trial, to assist in matters involving difficult legal issues and devastating injuries."

Given their preeminent reputations, Paris and Chaikin are regularly honored by the media and legal associations. Both attorneys have been named in Super Lawyers—a list that recognizes the top five percent of lawyers in the state—annually since 2014. They have also been inducted into the Million Dollar Advocates Forum and Multi-Million Dollar Advocates Forum, and serve on the New York State Trial Lawyers Association's Board of Directors.

The last 10 years have set the tone for a bright future, said Chaikin, but the truest sign of their success has been their clients' satisfaction with their services. "We take pride in calling our clients our friends, and we zealously represent them as such," Chaikin said. To which Paris added, "We aim to improve our clients' lives. Their trust is a privilege we take very seriously – one that constantly inspires us to fight and win."

Raphaelson & Levine

New York Personal Injury Lawyer

CLIENT TESTIMONIAL

There is only one
word I can use to
describe how I feel about
Raphaelson & Levine... Family

VOICE of the INJURED

Raphaelson & Levine represents people who have sustained serious personal injuries caused by the negligent conduct of others in all aspects of life. Raphaelson & Levine is proud to announce that we recovered over \$40 Million in 2018.

As the **Voice of the Injured**, we are always reminded that excellent legal representation comes from support, service, empathy and kindness.

Our lawyers have over 150 years of combined legal experience representing accident victims in the greatest city in the world. We are proud of our reputation – both publicly and among New York's legal community – for providing excellent advocacy.

The awards and settlements we secured in 2018 were recovered against negligent automobile operators, building owners, manufacturers of toxic and defectively designed products, municipalities, construction companies, medical doctors, hospitals and other individuals or companies held accountable for their misconduct.

The Raphaelson & Levine Legal Team wishes New Yorkers health, happiness and safety in the year ahead.

HACH ROSE

A T T O R N E Y S A T L A W

Since its founding over 15 years ago, Hach & Rose has distinguished itself as one of New York's preeminent personal injury law firms. They have developed a reputation and expertise for achieving top results for clients involved in construction accidents, railroad accidents (FELA), truck and motor vehicle accidents, as well as those injured on dangerous premises on and off the job. The firm's success has been recognized both in and out of the courtroom. Attorneys at the firm have been recognized by SuperLawyers™, AV Preeminent® by Martindale-Hubbell®, and the Multi-Million Dollar Advocates Forum®.

In addition to the accolades received in the legal field, Hach & Rose's attorneys have a specialized knowledge for the types of cases that they handle. Attorneys Gregory Hach and David Cheverie worked in the construction field while attending school. Attorney Mark Sokoloff has been representing injured railway workers for over 35 years. Attorney Halina Radchenko is Secretary of the New York State Trial Lawyers Association and is a frequent lecturer to attorneys in the Personal Injury field. Trial attorneys Michael Rose and Anthony Hirschberger have a long history of multi million dollar jury verdicts. The collective experience of the Hach & Rose

attorneys places their clients in the best possible position for success and financial security.

Recent results reflect the expertise of this law firm. These results include jury verdicts of over \$13 million for a construction worker who fell off a ladder, over \$12 million for a security guard at a hospital who was injured due to faulty construction, \$8 million for a woman injured in a motorcycle accident, and \$6 million for a woman injured on a dangerous premises.

"I am as proud of our firm's results as I am of our customer service. We understand that when a person is injured our job goes beyond performing legal work. Our responsibility to our clients when they are in their most vulnerable time is to be there to guide and advise them through all the difficulties that they may face," Senior Partner Michael Rose notes. While the firm is known for its seven and eight figure success stories, it takes great pride in delivering the same service and attention to detail for clients whose claims have six figure value. Managing Partner Gregory Hach explains, "While it is impossible to restore one's health, we will never compromise the justice each client deserves. Regardless of the case value, if we commit to taking on a case, our efforts are always the same."

PERSONAL INJURY ATTORNEYS

DANSKER & ASPROMONTE ASSOCIATES

Dansker & Aspromonte Associates is a boutique-sized personal injury law firm located by the World Trade Center in New York City. The partnership was established in 1986 and has since recovered 100's of millions of dollars for its clients in jury verdicts and settlements. We are big enough to have clout and an impeccable reputation as a hard-hitting litigation firm, but we're small enough to treat each client as a unique human being with specific needs and concerns about their legal issues. What sets us apart from other firms is our desire and ability to listen intently to the questions and concerns of our clients and to work with them through the process of their cases. We can't prevent a catastrophic injury or accident from happening, but we will do everything possible to provide the support and expertise that will get injury and accident victims the compensation to which they are entitled and deserve.

Queller, Fisher, Washor, Fuchs & Kool

We believe that behind every significant case there are the emerging shadows of tragedy, change and uncertainty. As a firm, it is our quest to help the families we represent as they pass through these shadows every step of the way. We offer the requisite litigation skills to maximize a case's recovery. Yet our services transcend legal expertise. We are professionals who offer the time and dedication to our clients in order to attain a common goal: positive closure. Each case represents an individual story with its own unique concerns, circumstances and objectives. Our experience has allowed us pathways of communication when working with families who've suffered deeply due to birth injuries, orthopedic injuries, traumatic brain injuries and deaths. We represent the newborn, the young, the middle and the aged. We faithfully address the full magnitude of their physical, mental and emotional injuries so that the same can be forcefully and poignantly communicated to a jury. We use our advocacy, skills and resources to touch the lives of others so that they, as judges, are ultimately willing and able to sense our client's loss and compensate them fully.

We focus our practice on complex cases involving catastrophic accidents and injuries, worker injuries, construction accidents, vehicle accidents, medical malpractice, premises liability and wrongful death. Our reputation as one of the premier personal injury and medical malpractice firms in the city remains as strong as ever.

The firm's lawyers are well known in the profession. Several of the partners teach at law schools and are regularly asked to participate in conferences, panel discussions and continuing

legal education classes sponsored by national and state bar associations.

All of the practicing partners at Queller, Fisher, Washor, Fuchs & Kool have been named to the most current edition of Super Lawyers, an honor limited to no more than 5 percent of attorneys who practice personal injury law. Queller, Fisher, Washor, Fuchs & Kool, L.L.P., as well as all of the partners, has received an AV rating* by Martindale-Hubbell, a distinction voted on by peers in the legal community and considered by Martindale-Hubbell to be the highest rating for legal ability and ethical standards.

The firm's partners carefully review and select cases. We are dedicated to providing personalized representation to clients, which means we value quality over quantity. We treat clients as individuals, not commodities. With fewer cases, our attorneys have more time to spend with clients and to focus on building strong arguments. As a result, Queller Fisher's clients receive the attention necessary to maximize their potential recovery.

Fatos Dervishi, Esq.

Construction Accidents, Motor Vehicle Accidents & Machinery Accident

Dervishi Law Group, P.C.

A personal injury attorney with offices in the Bronx, Manhattan **Fatos Dervishi** has years of experience handling cases in New York.

Mr. Dervishi, who grew up in Albania, obtained his law degree in 1989 from the Tirana University School of Law. He then worked as a special agent of the General Investigations Office with an office in Tirana, before being elected Deputy Attorney General by the Albanian Parliament in 1994. He served as Deputy Attorney General of Albania from 1994 to 1998.

In 1998, Mr. Dervishi immigrated to the United States, with his family joining him a few months later. Upon his arrival in Washington, D.C., Mr. Dervishi met with members of the U.S. Senate and House of Representatives, as his trip was sponsored by the U.S. government.

Beginning in 2003, he attended Pace University School of Law and graduated with a Master of Law degree in May 2004. He has since been admitted to the New York State Bar, and practices in all of the state's courts. On June 13, 2011, Mr. Dervishi was further admitted to practice law before the U.S. Supreme Court. In 2008 he partnered with Jared Levine and Duane Morgan to form **Dervishi Levine and Morgan, P.C.** In 2012 he formed his own firm, the **Dervishi Law Group**. Mr. Dervishi remains extremely active in the Albanian-American community, serving as a liaison for its members and assisting recent and longtime residents with their legal and other needs.

NOTEWORTHY CASES

The **Dervishi** firm and the team of **Morgan Levine Dolan, P.C.** was able to secure a \$4.5M settlement for a seriously injured construction worker when the 27 year old suffered spinal injuries due to a heavy beam falling onto his shoulder at work. The plaintiff was unable to return to work and was forced to undergo a one level lumbar fusion

surgery. As a result of the accident, plaintiff was never able to return to his job as a union construction worker. The firm was able to secure the financial security necessary for the injured worker to raise his two young daughters.

The firms also recently secured a \$1.925M settlement for a seriously injured union carpenter when he fell off an unsteady ladder due to a failed safety device. The fall caused a herniated disc in the 50 year-old plaintiff's neck that required a one level cervical spine fusion surgery. As a result of the injuries sustained in the fall the Plaintiff was unable to return to the job he loved. "We are proud to be able to offer the financial security and to help provide some level of comfort in an otherwise terrible situation."

"As these results show, deciding on the right law firm can make an enormous difference in a case," Mr. Dervishi says. "The people who choose us to represent them can expect total devotion to their matters, and an unyielding dedication to them and their families."

Morelli Law Firm

Masters of Civil Litigation: Personal Injury, Construction Accidents, Trucking & Auto Accidents, Sexual Harassment, Defective Drug and Medical Device Litigation, and Medical Malpractice

Stella Grossman

When it comes to high-stakes litigation, Morelli Law Firm has a proven track record of success - and a history of precedent-setting verdicts. In areas ranging from workplace discrimination, to all forms of personal injury, to defective drugs and medical devices, the Morelli Law Firm consistently delivers for its clients.

"We're well-positioned to handle any type of case," says Benedict Morelli, the firm's founder. "But it's our results and unwavering commitment to our clients that makes us stand out."

Morelli, whose results include the largest vaccine verdict in U.S. history (\$22.5 million), the largest single-plaintiff sexual harassment verdict in U.S. history (\$95 million), and one of the largest single-plaintiff construction accident verdicts in U.S. history (\$62 million), is often called upon to manage high-profile litigation. In 2015, he secured a confidential settlement for Tracy Morgan in a highly publicized lawsuit against Wal-Mart after the comedian was severely injured in a car accident involving a Wal-Mart truck. The case was fully resolved within 10 months of the accident.

We have never been scared to take on powerful adversaries," said Morelli, reflecting on his lawsuit against the largest company in the world. "Our firm has the experience, resources, and resolve to fight it out with anyone."

Morelli Law Firm applies the same passion for its celebrity clients as it does for its lesser known clients. The firm is currently representing the family of a 7-year-old girl who was electrocuted after touching a public handrail at an MGM resort in Maryland. Morelli and his team have filed a lawsuit against MGM and are preparing for trial, determined to get justice for the family and girl, who will grapple with severe brain damage for the rest of her life.

Beyond handling individual cases, Morelli and his firm regularly take on far-reaching mass torts and class actions, and have been appointed to leadership roles by courts in a number of large-scale litigations. The firm, for instance, represented numerous victims who were seriously injured in the May 12, 2015 Amtrak train derailment outside Philadelphia, in which 8 people were killed and over 200 people were injured. The firm was appointed by a federal judge to be one of a few firms to lead the hundreds of plaintiffs, and was instrumental in resolving the case for \$265 million - the largest train accident settlement in U.S. history. As part of the process, Morelli and team played a critical role in getting Congress to raise the federal damages cap, making a \$265 million settlement possible. Additionally, the firm has become highly involved in representing women in cases against Johnson & Johnson, alleging that their use of the company's talcum powder caused their ovarian cancer.

"These are challenging, complex cases that require significant resources and time," Morelli says. "But, they are also incredibly important - representative of corporate negligence that can't go unchecked. We feel fortunate to take them on and help bring justice to deserving victims."

THE Lambrou Law Firm P.C.

Compassionate Representation – Extraordinary Results

The Lambrou Law Firm, P.C. is maintaining its position as one of the most well-regarded law firms in the area of Plaintiffs' Medical Malpractice and substantial Personal Injury matters. In 2018, amongst numerous other honors, the firm was named one of the Best Law Firms of America. The founder of the firm, **Lambros Y. Lambrou, Esq.**, has put together a team that offers clients top-notch representation, compassionate client interaction and extraordinary results. The firm and Mr. Lambrou continue to receive the accolades and honors of those at the top of the legal profession. He has been named to the New York Metro Super Lawyers list for the sixth year in a row. The firm is on the cutting edge of technology and trial science with the manner in which they prepare and present their cases. The firm employs cutting edge jury research techniques, the insight of which allows for better preparation for the trial and trial presentation in a state-of-the-art format. Members of the firm lead seminars for other attorneys and also travel across the country to take continuing legal education courses taught by similarly successful and accomplished attorneys. The firm's co-counsel arrangements with out-of-state attorneys has given the firm a national presence wherein the firm litigates cases in other states. This enables the firm to help people not only in New York but in other states around the country. In addition, many firms from other states call upon the Lambrou Law Firm to assist them with their cases in New York.

The Firm's allegiance to its clients and its accomplishments in the law have earned the firm notable recognitions and awards. These high honors, given to only the top tier of law firms and lawyers, attest to Mr. Lambrou's top tier legal acumen and the proficiency and skill of the Firm's team of professionals.

Personal Injury, Construction Accidents, Civil Rights

Every client's case is different. But they each need what we deliver, a true understanding of their suffering. We couple that understanding with a commitment to service so that our clients feel what we know, that they are number one. Towards that end we bring to bear painstaking preparation, the relentless pursuit of our client's cause and unbridled passion for our clients. Our adversaries know this to be true, as do the people we come before in court. It is this combination that brings about the many astonishing results we have achieved for the people who trust us with their cases.

We know it isn't enough that we have achieved some of the largest verdicts and settlements every year in New York. For that reason we pride ourselves in servicing and staying in touch with our clients and with what is going on in their families' lives. It is only that way that we can bring our brand of justice to those whom we serve, the clients.

The firm's founder, David Perecman, has been practicing trial law for almost 40 years and in that time has achieved much for his clients. In recognition of that he has been selected for many years running by The Best Lawyers in America, Super Lawyers, U.S. News and World Report's Best Law Firms and Multimillion Dollar Advocates Forum. His verdicts and settlements have been heralded in the New York Law Journal as among the highest in the state of New York year after year. His \$9.9 million settlement for a laborer who fell from a scaffold was the highest in the state for a construction accident and the second-highest over all categories for 2015. In 2016, the firm secured nine of the top verdicts and settlements in New York State including Mr. Perecman's \$11.9 million verdict for a Local 79 asbestos remover who fell and injured his back.* He has appeared on CNN, ABC, CBS, NBC, WPIX, and Fox 5 and in The New York Times, The Daily News, The New York Post and Newsday.

Last Spring, David and his son Zachary, along with another associate, Peter Rigelhaupt (also recognized by Super Lawyers) achieved what David considers to be one of his proudest moments.

He successfully argued a case before the state's highest court, The New York Court of Appeals, and won the right to go to trial against The City of New York and several police officers for the false arrest and malicious prosecution of a woman who he claimed spent four years in jail after being coerced by the police into confessing to a brutal murder which she did not commit. The city later paid her \$4 million. *Later settled for \$5 million

The Perecman Firm, P.L.L.C.

PAUL B. WEITZ & Associates, PC

Construction Accidents, Medical Malpractice, Premises Liability

Paul B. Weitz & Associates is a premier personal injury law firm that handles major complex litigation in New York City and its outer boroughs.

"No case is too complicated for us," says managing partner Paul B. Weitz. "We put the necessary time and money into every case to get the best results for our clients."

The firm has a tradition of providing expert representation and personalized service, dating back to the early 1970s when the firm began as Schneider, Kleinick & Weitz. Since then, the firm has established a proven track record of more than 200 cases or settlements in excess of \$1 million.

Attorneys at the firm are experienced in all types of catastrophic personal injury cases, including construction and workplace accidents, car and truck accidents, medical malpractice, wrongful death, municipal liability, and premises liability.

Since 2007, they have achieved a number of notable settlements, including: \$20 million for a 26-year-old worker who was rendered a quadriplegic after a steel pipe was dropped on him at a construction site and \$16 million for a 23-year-old man who fell from a rock wall after his safety belt broke.

Above all, the firm's attorneys strive to help clients through their recovery process, which often requires extensive medical treatment and rehabilitation.

"We handle large cases, but always provide clients with the personal attention they need," Weitz says. "I make myself available to speak with clients at any time."

For more than 26 years, the Law Offices of Peter C. Merani P.C. has provided insurance companies, corporate clients, public authorities, and private individuals with the most effective legal tools for resolving disputes—from trial lawyers with proven track records to innovative (and winning) litigation strategies.

"I love being in court, trying cases, and protecting our clients," says founder Peter Merani. "To ensure success, I know we have to work harder and smarter than our opponents; and in that regard, I am a perfectionist, and I instill these same values in my attorneys."

With a practice that encompasses insurance matters, appeals, general practice concerns, debt collection and litigation, and international issues, Merani's firm offers the expertise necessary to service each client's case as efficiently as possible. As a result, the firm continues to handle large volumes of litigation, with a high verdict success rate at trial and an excellent settlement rate in negotiations.

"We've tried many cases over the years, with winning results for both plaintiffs and defendants," notes Merani. "The key to this success has been our comprehensive approach, where all of the firm's cases are reviewed by a partner and managed by an experienced, skilled trial attorney."

Merani's firm handles thousands of litigation matters for its clients each year, and has handled more than 65,000 litigation matters since its inception. Its favorable verdicts in the areas of insurance claims and contract litigation have garnered millions of dollars in compensation and savings for the firm's clients. As Merani says: "Our strategies are proprietary, different, and out of the box; simply put, they work."

The Dauti Law Firm, P.C.

The Dauti Law Firm, P.C. represents a diversified group of clients, both individuals and companies, in domestic and international civil and commercial litigation matters. The Firm uses its knowledge of many aspects of the law to develop innovative strategies for negotiation and litigation with a single objective: To reach the best results for its clients in the shortest possible period of time.

Ylber Albert Dauti is honored to be included in the Top New York Verdicts/Settlements for the tenth year in a row with million and multi-million dollar awards.

TOP VERDICTS/SETTLEMENTS IN NEW YORK FOR TENTH YEAR IN A ROW

NT

LAW OFFICE OF
NICHOLAS E. TZANETAS
NEW YORK

Construction Accidents, Premises Liability, Motor Vehicle Accident

Nicholas Tzanetas has always been a lawyer who doesn't back down. For over two decades he has not been afraid to stand up to the city, corporations, and insurance companies to fight for the rights of his clients. When others have avoided cases because they were hard to prove, or because the opposition had big money and was representing longstanding, influential institutions, Mr. Tzanetas has always been eager to take up the challenge and to turn over every stone necessary to take a case to trial.

Mr. Tzanetas' winning combination of confidence and strong preparation has made him successful in the courtroom. In the first two years of his career, he had already tried more cases than some lawyers with ten years of experience.

Attorney Tzanetas is highly selective in the cases he takes. He gives them his full attention, and this has earned him a reputation of excellence and garnered the trust of his fellow attorneys. These attorneys frequently give him their most important cases when it is time to go to trial. His verdicts and settlements have totaled millions of dollars in recoveries for his clients and he prepares every case for victory by trial.

Mr. Tzanetas earned his law degree from New York Law School and is a member of The Brooklyn Bar Association and The New York Trial Lawyers Association. He has spent his entire career only representing clients who were hurt due to the negligence of others. After working for many prestigious firms, Mr. Tzanetas decided to build upon his years of experience and open up his own firm so that he may give his clients individual attention.

\$6,894,132 FALLEN CEILINGS/PREMISE LIABILITY ACCIDENT
\$4,935,000 VERDICT FOR LOWER BACK INJURY
\$4,300,000.00 SETTLEMENT AT TRIAL
\$1,997,776 AUTO CASE VERDICT

Mark Edward Goldberg, Esq.

Mark Goldberg was previously recognized in Who's Who Among Rising Young Americans. For over 35 years Mark Goldberg has been providing quality legal representation for people who have been injured in accidents ranging from construction, motor vehicle, trip/slip and fall and other types of accidents. Formerly with offices located in New York City, in 2004 Mr. Goldberg relocated his offices to Westchester County and teamed up with attorney Enoch Brady for the purpose of bringing New York City quality representation to people in the suburbs who are injured in accidents. Each case is personally handled by either Mr. Goldberg or Mr. Brady and each client is given the personal attention that they need and deserve. Mr. Goldberg and Mr. Brady have each collected tens of millions of dollars for injured accident victims.

**Keith D. Silverstein
& Associates, P.C.**

The Injury
Attorneys

Significant Personal Injury, Products Liability, Mass Torts, & Commercial Litigation

Our firm was founded by attorney Keith D. Silverstein who, while working at a large and prestigious firm, began to tire of the business-as-usual approach to client representation. We combine the experience and resources of a large firm with the individualized attention and accessibility that only a boutique practice can provide.

To us, you are not just a client, but a victim in need of one-on-one, skilled legal guidance. Unlike other firms, we are not concerned with making a quick buck and moving onto the next case. In fact, our attorneys will focus on developing a litigation strategy that not only seeks creative ways to obtain the very best results, but one that is also tailor-made with your distinct legal goals in mind - an approach that is both unique and effective.

Alan B. Hodish, Esq.

Law Offices of Alan B. Hodish, L.L.C.

Personal Injury, Criminal Law, & Education Law

Alan B. Hodish is a private practitioner who has handled all forms of personal injury cases, education law matters, and various criminal cases on Long Island and in the City of New York.

In addition to being profiled as a Leading Personal Injury Attorney, Mr. Hodish has received the "Leadership in Law" Award from Long Island Business News and is a past recipient of the Nassau County Chamber of Commerce's "Business Person of the Year."

During the past year Mr. Hodish has enjoyed multiple successes, some of which include:

- \$1,000,000.00 settlement for a young motorcyclist who was struck by a lady making a left turn
- \$400,000.00 settlement for an elderly lady who was struck in the head by a 12-pound counterweight when entering an elevator.

Mr. Hodish prides himself on being experienced enough to litigate against the largest law firms, while small enough to provide personal attention and detail to his client's needs.

F. Scott Carrigan

Criminal Law and Personal Injury

Scott Carrigan is a private practitioner with extensive experience in the areas of criminal law and personal injury. In 1989 Mr. Carrigan was hired as an assistant District Attorney in the Nassau County District Attorney's Office, handling all phases of criminal investigation and prosecution. In 1993 he became a criminal defense attorney and over the decades has handled all forms of criminal and personal injury cases (construction accidents, motor vehicle accidents, slip and falls, and wrongful deaths), in both the State and Federal Courts, on Long Island and New York City.

Mr. Carrigan was appointed as Vice Chairman and then Chairman of the Nassau County Bar Association Criminal Law and Procedure Committee, serving 2005-2013. Mr. Carrigan was elected by his peers as a Director and then as a Board Member of the Criminal Courts Bar Association of Nassau County, serving since 2012, and presently sits as the Association's Vice President.

Mr. Carrigan possesses a well-respected reputation within the court system. Mr. Carrigan works to alleviate the stress and anxiety that a client experiences when confronted with life altering matters. He appreciates the long lasting effect and impact that a criminal or personal injury case can have on a client's life. Mr. Carrigan prides himself on providing personal attention and detail to his client's needs, and obtaining favorable resolutions, through pleas, settlements or trials.

Personal Injury & Real Estate Law

Ryan S. Goldstein has been practicing personal injury and real estate law since 1998. Mr. Goldstein is licensed to practice law in both New York and Connecticut as well as in federal courts. His firm has the reputation for providing small-firm personal attention to each case while obtaining large-firm results. While reaching a settlement is often ideal, if a case does go to trial, Mr. Goldstein will be the trial attorney. At the Law Office of Ryan S. Goldstein, there are no big or small cases nor are there more or less important clients. Every client and every case is handled with the utmost professionalism, integrity and importance. If you are in a situation where you may have legal claims, call the Law Office of Ryan S. Goldstein and "Know Your Rights".

Renée Simon Lesser

Personal Injury, Insurance Defense & General Litigation

For more than two decades, Renée has successfully defended churches, synagogues, schools, nursing homes, non-profit entities, as well as large and small businesses and individuals throughout New York State. Most of these cases involve allegations of personal injury, or economic loss resulting from premises defects, sports related injuries, labor law claims, assaults, sexual misconduct, negligent supervision, and building design and maintenance claims. Renée has also secured significant awards for plaintiffs in a wide variety of plaintiffs cases with a focus on negligent supervision and sexual assault claims. She has been selected for New York Metro Super Lawyers every year since 2010, which puts her in the top 5% of New York City based attorneys.
